RFP for 2010 Official Community Plan and Bylaw Update.

Proposals must be received before 2:00 p.m. on August 19, 2010. Please send sealed Proposal clearly marked:

2010 Official Community Plan and Bylaw Update

To: Department of Planning & Engineering
City of Yorkton
P.O. Box 400
Yorkton, Saskatchewan
S3N 2W3

Details of Proposal:

With the assistance of a professional consulting firm, the City of Yorkton wishes to have the following prepared on its behalf by a qualified consultant:

1. An Official Community Plan that embraces the principles of smart growth and sustainability for a community that may experience tremendous growth pressure if agri-industrial projects occur in the future.
2. A Zoning Bylaw that incorporates the policies of the OCP and is current with the philosophies found within other Saskatchewan communities' Zoning Bylaws.
3. A Sign Bylaw to replace the existing one that is written in plain and simple language and incorporates the philosophies found within other Saskatchewan's communities' Sign Bylaws.

The planning framework is in need of updating to ensure the community adequately addresses future development and subdivision proposals. The City desires that the new planning framework will encompass sustainability while emphasizing smart growth principles within the OCP and Zoning Bylaw.

The City is keenly interested in ensuring that extensive community involvement forms the basis of the review process. The consultant will be expected to collaborate with the City, Federal and Provincial Departments and Agencies, RMS, affected first nations, Chamber of Commerce, Yorkton Business Improvement District and others as required to develop and implement a comprehensive community outreach program, and should have demonstrable experience in community outreach involving diverse groups.

The 2003 Municipal Development Plan and Zoning Bylaw are available for viewing on the City's website. The Scope of Work is identified in the Proposal Document forming a part of this Request for Proposals which is available for pickup during regular office hours of 8:00 a.m. to 4:00 p.m., Monday to Friday at:

Planning & Engineering Department
2nd Floor, City Hall
