NOTICE TO PUBLIC

Snow Removal Notice

While clearing snow from residential streets, equipment operators employ the use of grader snow-gates to prevent snow leaving the plow from entering driveways.

At times, especially during periods of heavy snowfall, some snow may overflow the grader gate. A certain amount of snow may remain in the driveway following street clearing.

Graders will not return to clear any overflow snow unless the driveway was completely missed.

Please call the City Snow Complaint Hotline at **782-7669** if your driveway has been completely missed during snow removal, leaving your name and address. A City employee will inspect your complaint and, if warranted, will send equipment to clean up the snow ridge. During periods of heavy snowfall, please park in driveways. This will assist clearing snow on residential streets.

Thank you for your cooperation in this regard.
